

17 October 1986

MEMORANDUM FOR THE RECORD

SUBJECT: INTERNET Funds

1. I was called by the Office of Communications (OC) yesterday to advise us that the structural analysis for the Vent Hill Farm tower was going to be performed by the original contractor who put the antenna in, not RE&CD. I was also told that the cost would be \$7,200. [] C/FED was informed and he, in turn, called C/ESG.

STAT

2. This morning C/ESG directed me to transfer the \$7,200 to OC for the contract analysis work. I called [] C/B&F, and asked him to prepare a Form 1716 transferring the money charging Headquarters Fan 0311. I called [] OC, and told him that the money would be transferred and to ask the contractor to advise via phone once their analysis was complete followed up by a formal report. Carl agreed.
